

致謝

本研究得到香港研究資助局、創新及科技、醫療機械人創新技術中心、周毓浩創新醫學技術中心、香港中文大學—中國科學院深圳先進技術研究院機器人與智能系統聯合實驗室和中大天石機器人研究所的支持。

研究論文全文：

Modularized Microrobot with Lock-and-Detachable Modules for Targeted Cell Delivery in Bile Duct

<https://science.org/doi/10.1126/sciadv.adj0883>

Acknowledgements

This work is supported by the Research Grants Council (RGC), Innovation and Technology Commission (ITC), Multi-scale Medical Robotics Center Chow Yuk Ho Technology Centre for Innovative Medicine, CUHK-SIAT Joint Research Laboratory on Robotics and Intelligent Systems, and CUHK T Stone Robotics Institute.
