Academic Advising for Foundation Year Students
• Study and life in the university differ in many ways from those in your secondary schools.

• Study planning, scheduling, time management, extracurricular activities, financial assistance, hostel life, exchange, internship, career planning, …
• Academic Probation (10.0 of student handbook)
  - A student shall be put on first academic probation if s/he has obtained a grade point average below 1.5 in the preceding term, unless s/he is required to discontinue his/her studies.
  - A student shall be put on extended probation if s/he failed to lift the first academic probation in the preceding term unless s/he is required to discontinue his/her studies.
  - A student shall take a maximum of 12 units per term during first probation, and a maximum of 9 units per term during extended probation.
• **Discontinuation of Studies** (10.0 of student handbook)

A student shall be required to discontinue studies at the University if:

(a) the grade point average in a term is below 1.0 for two consecutive terms of attendance; or

(b) fails in more than half of the units of courses taken in a term for two consecutive terms of attendance; or

(c) obtains a grade point average below 1.0 or fails in more than half of the units of courses taken in a term, unless permission to continue studies is obtained; or

(d) fails to have probation lifted after s/he has been put on academic probation for two consecutive terms of attendance; or
• **Discontinuation of Studies** (10.0 of student handbook)

(e) after two attempts, s/he still fails to meet the minimum grade required for specified courses or pass the relevant examinations (if any) as prescribed by his/her Major Programme; or

(f) fails to fulfill all requirements for graduation within the years specified in University Regulations.

The above is only part of the University Regulations extracted for reference. You must check and get yourself familiar with the General Regulations Governing Full-time Undergraduate Studies for the latest full version:

Each new student will be assigned a Level-1 academic advisor, who is a professor/lecturer.

Advisor’s role:

- Providing advice and assistance on academic development, study planning, life adjustment
- Referring students to other supporting units in the university for assistance
- Collecting students’ feedback to improve curriculum, teaching and learning
• 1\textsuperscript{st} encounter
  – Your Level-1 advisor will meet you at least once per term
  – First meeting arranged by Faculty Office

• Individual meetings at any time initiated by students are welcome
• Don’t default the appointment with your academic advisor.

• They are ready to listen to you and get to know you more!
Connecting to your advisors

- You can find who is your Level-1 advisor on CUSIS
- Your advisor’s office location, telephone number and email can be found from the faculty website
- Come to the Faculty Office whenever you need help
• In case your academic performance is unsatisfactory, you will be prescribed to meet with a Level-2 Academic Advisor

• Faculty Office will inform students the exact arrangements
Time Management

• Don’t over-estimate yourself, keep balance between studies and student activities
“... the fundamental purpose of undergraduate education is to turn young people into adults who will take responsibility for society, ...”

Broad-based Admission and Major Allocation
Broad-based Admission

- **Single admission route** for 9 programmes
  - Biomedical Engineering (BMEG)
  - Computer Engineering (CENG)
  - Computer Science (CSCI)
  - Electronic Engineering (ELEG)
  - Energy and Environmental Engineering (EEEN)
  - Information Engineering (IERG)
  - Mathematics and Information Engineering (MIEG)
  - Mechanical and Automation Engineering (MAEG)
  - Systems Engineering and Engineering Management (SEEM)

Remarks:
1. Financial Technology is not under Broad-based Engineering
2. Some of the Non-JUPAS and Non-local students are admitted with Advanced Standing. They may be affiliated with specific engineering programmes.
Major Allocation is an annual exercise

Conducted soon after the conclusion of Second Term every year
- **1st year**
  - All students are in the “foundation year of study”
  - No specific major (except major affiliated students)

- **End of the 1st year (June 2018)**
  - Eligible students assigned to different major programmes
  - Allocation based on
    - students’ preferences
    - academic performance, i.e. cumulative grade point average (CGPA)
• **Eligibility**
  - Should have officially registered for courses listed under Faculty Package, i.e. ENGG1100, ENGG1110 & ENGG1410
  - Students who are being put on academic probation in Second Term should have the academic probation be successfully lifted by the end of Second Term

• **Exceptions**
  - Course Exemption granted for the course under Faculty Package
  - Students failed in MATH1510 in the First Term are prescribed to retake MATH1510 before registering ENGG1410
Step 1: Indicating Preferences

- Eligible students submit the preference of nine programmes during March - May 2018
- Release of academic results of the Second Term of 2017-18
- Eligible students re-shuffle the order of the top three choices in Early June 2018
**Step 2: Priority Allocation**

**Guaranteed allocation** to the first-choice programme if satisfying any one of the following conditions:

(i) HKDSE entrants

<table>
<thead>
<tr>
<th>Subjects</th>
<th>Performance</th>
</tr>
</thead>
</table>
| Mathematics core module  
  AND  
  ONE Science subject  
  (incl. M1/M2)  
  AND  
  ONE Elective subject  
  AND  
  any TWO other core subjects  
  (i.e. Chinese, English or Liberal Studies) | Level 5* or above |
| Level 4 or above |
• **Step 2: Priority Allocation**

*Guaranteed allocation* to the first-choice programme if satisfying any one of the following conditions:

(ii) Students admitted to CUHK with renewable tuition scholarship*, OR

(iii) Attainment of Cumulative GPA (CGPA) of 3.5 or above as of the release date of academic results of Second Term, 2017-18

* Students in category (i) and (ii) must attain a Cumulative GPA of 3.0 or above as of the release date of academic results of Second Term, 2017-18
• Step 3: Central Allocation

- All other eligible students shall go through a centralized major allocation process

- Allocation principles
  - students’ preferences
  - teaching and learning resources of each programme

- Students would go to their preferred programme with high chances
  For 2016-17 intake, 84.9% got 1st choice and 97.5% got the top 2 choices

Major Allocation – Ineligible Students

- For ineligible students
  - No engineering major will be assigned
  - They shall remain as broad-based engineering (BERGN) students during their second year of study, if they are allowed to continue their studies
