Personal Information

Name (English): _____ Student ID#: _____

Programme of Study: _____ Name of your groupmate (if any): _____

Expected Graduation Year / Term: _____

Contact Phone Number: _____ Email: _____

Research Proposal

- 1. The proposal must be completed in one page and endorsed by the supervising professor before submission to the Faculty Office of Engineering.*
- 2. ESTR 4998/4999 could be a group work or an individual work. In case it is a group work, the group should consist of ELITE students only.*
- 3. ESTR 4998/4999 should involve a heavier research component than regular final year project. The quality of work should be commensurate with that of first-year MPhil students.*
- 4. ELITE students can either choose a project from their home department's final year project list and convert it into ESTR4998/4999 by adding research flavor to it or propose their own projects for the intended supervisor's consideration. In either case, the one page research proposal, together with this form should be submitted to Mr Winson Lam at wkklam@cuhk.edu.hk on or before 07 April 2023.*

Important Notice

Students must read carefully the "Guidelines on Arranging ELITE Stream Graduation Thesis" before they proceed with the application for ESTR4998/4999.
